

Breast Imaging (Mammography)

Coverage Overview

Misr Radiology Center

Payer Partnership Presentation

Breast Imaging & Mammography

- ? Digital mammography for screening and diagnostic workup.
- ? Tomosynthesis and ultrasound correlation when indicated.
- ? BI-RADS reporting with rapid specialist follow-up.

? Annual screening mammography covered per preventive benefits.

? Diagnostic mammography and ultrasound require referral.

? High-risk surveillance pathways supported with payer packages.

? Screening: member ID and eligibility check at registration.

? Diagnostic: physician referral with palpable lump or abnormal finding.

? MRC tracks recall rates for quality and payer reporting.

? Accredited imaging across MRI, CT, PET/CT, ultrasound, and breast imaging.

? Dedicated payer relations desk for pre-auth and claims support.

? Fast turnaround with subspecialty radiologist reporting.

? Preferred partner pathway for MetLife members.
